Mail Patrons Can Now Curb Pandering Advertisements

Mail patrons offended by pandering advertisements can now take steps to curb such mail,

Postmaster Robert R. DeForge said today in announcing plans for administering a new law which gives each family the right to decide that an ad is "erotically arousing or sexually provocative."

When an advertisement sent through the mails is offensive on these grounds, a postal patron (Continued on Page 4)

Rankin, program chairman, will present Marie Eaton who will entertain with a program of handwriting analysis.

Mrs. Eaton emphasizes that graphology is not "fortune-telling," but it can and does tell much of a person's patterns of behavior and often reveals hidden talents and abilities. She became interested in graphology many years ago after having fought a valiant fight against polio. While attending Tulsa University where she was majoring in psychology, she became so fascinated with handwriting that she pursued this interest in character analysis.

Members of the club may secure their tickets for the annual banquet to be held the following week to close the club's season.

Mrs. Eugene H. Lund is chairman of the hospitality committee for the evening, and serving with her are Mrs. Charles L. Kistner and Mrs. A. Duane Stebbins.

National Library Week

April 21-27 will mark the observance of National Library Week.
The purpose of this occasion is to encourage the development of
lifetime reading habits as the foundation of a better informed people.
Within our nation's libraries are stored all the wonders of the world's
literature. Scientific and technical knowledge, philosophy, econom-
ics, art, politics—every area of imaginable human interest—await
the exploring mind.

When man learned to record his accomplishments, permanently
storing the sum of his knowledge, progress became a cumulative
thing, each generation building upon the progress of the past. With-
out this, we would very likely still be living in caves. Mankind must
summon the wisdom of the ages and harness technologies yet unborn
to build a peaceful and a better world for the future. Our libraries
are a basic tool of learning for each of us—a priceless asset to a
nation that would set its feet upon the path of leadership in a com-
plex and changing world.

Mail Patrons . . .

(Continued from Page 1)

can now ask the post office to
direct the mailer to send no more
mail to him and to remove im-
mediately the patron's name from
all mailing lists he owns, controls
or rents.

To assist patrons, the Post Of-
fice Department has published a
brief pamphlet — HOW YOU
CAN CURB PANDERING AD-
VERTISEMENTS — which is
now available at the Agawam
Post Office. In addition to ex-
plaining how the law works, the
pocket-size leaflet contains a
form letter one can use when
sending his complaint to the post
office.

The pamphlet explains that
when a patron receives an adver-
tisement which is, in his opinion,
pandering, he must send the ad,
its envelope and the form letter,
or one which includes its lan-
guage, to his post office with the
words, "Request for prohibitory
order" on the face of the en-
velope.

"Postmaster DeForge said:
This new law should give some
protection to American families
offended by advertisements they
believe to be morally harmful,
particularly to their children.

"Last year the Post Office De-

partment received some 140,000
complaints from those offended
by pandering advertisements.
While in most cases the ads were
not legally obscene and were
therefore mailable, they are often
offensive and are usually not the
type of material one would want
his children to read," Postmaster
DeForge said.

He added that "because the
law gives a mail patron the sole
right to decide what is offensive,
and does not deny others the
right to receive the mail, the Con-
gress felt it does not violate Con-
stitutional guarantees of freedom
of speech."

While the patron's complaint
will only be directed to the send-
er, Postmaster DeForge believes
that one or two complaints will
provide substantial protection be-
cause "the great bulk of adver-
tising comes from fewer than 20
so-called 'smut dealers' who are
frequently swapping mailing
lists."

If a mailer does not strike a
complainant's name from this
mailing list, and the patron re-
ceives a second mailing 30 days
after the firm has received the
prohibitory order, he may bring
the matter to the attention of
the Postmaster issuing the initial
order by writing him and enclos-
ing the second pandering ad with

istration the important combination of business and municipal government experience that is important to the position.

"During my two terms as a member of the Longmeadow Board of Selectmen I have acquired an insight into the problems and needs of our communities which can be utilized in the best interests of the entire county."

Mr. Zundell said he will, if elected to the county commission, press for decisive action in behalf of a hall of justice complex in Springfield. "If we cannot provide proper facilities for our county court facilities, if they must operate in overcrowded and inconvenient — and even depressing — quarters, how can we ever expect to maintain the respect and support of the public? Important facilities of this nature should never be allowed to remain second class, as they certainly are now."

Mr. Zundell said he will announce "other ideas and programs in the area of county government during the weeks of the campaign ahead."

ing the excellent housing activity in the greater Westfield area. The year 1968 also is a year of promise, and I am confident the bank will continue its record of growth."

The Westfield Savings president reported that savings deposits on March 31 were also at a record figure, \$47,456,897, for an increase of \$3,065,388 during the year. The bank, which has almost 30,000 depositors, is currently paying dividends at the rate of 4½ per cent on regular savings accounts and 5 per cent on special notice, or 90-day, accounts.

Real estate loans were also at a new high of \$41,154,159, with the increase during the year totaling \$4,199,442.

"I regard the demand for home mortgages significant and pleas-

ing, from the point of view of the bank and of our communities," Mr. Knapp said, "because when homes are being built it means that the business and industrial segments of the communities are flourishing, with a favorable impact on the economy. I look for this to continue."

He told the corporators that construction of the bank's new Agawam branch is progressing satisfactorily, "and we anticipate offering the services of Westfield Savings Bank to that community in the near future."

The new Agawam branch is a brick colonial building being constructed on a two-acre site at 655 Main St. in Agawam. It will bring the number of Westfield Savings offices to four.

During the meeting Mr. Knapp was re-elected president, and vice-presidents re-elected were: Norman A. Clarke, president of the Columbia Manufacturing Co., David C. Colton, president of the Colton Agency, Inc., and Wesley L. Mitchell, retired vice-president of the Western Mass. Electric Co.

Figure Weight Class To Start Today

An eight week figure shaping, weight control class for women will begin April 18th at St. Anthony of Padua church hall, 8:30-10 p.m., open to the public. All proceeds will be donated to benefit the Stigmatine Fathers and Brothers. Rev. Richard Ahearn, a Stigmatine priest, is honorary chairman of the event.

The class consists of exercising to music, measuring, weighing, muscle toning, charts covering proper frame, calorie needs, diets, home exercises, and fitness test, spot reducing, and many other phases of fitness.

Mrs. Charles F. Griggs of West Springfield, will instruct the class. Mrs. Griggs has been in the field of fitness for 12 years, is a certified fitness examiner, a licensed masseuse, and recently recorded her second long play fitness record to music.

Cost of the program \$16, pay-

able in full or one half down, the balance the second week.

SPORTSMEN'S CORNER

By BILL CHIBA

Paul Kukonen, noted fisherman and photographer, will be at the American Legion Post 430, Liberty St., Springfield, April 18. Paul will show and narrate his new films on salmon fishing and fly fishing in New England. There will also be films on trout fishing in New England. Tickets may be obtained at the door. Show will start at 7:30 p.m.

The streams and rivers in Western Mass. will be in fine shape for open day of the fishing season April 20, Saturday. All of the ponds are free of ice and have received their quota of trout. Spring is three weeks ahead of time and the fine weather is fitting right into the trout fisherman's scheme of things.

If you want bathtub fishing, then hit the Swift River in Ware. It has been stocked very heavy with trout just like past years. Congamond's North Pond has been stocked with good size trout and Sunday, while taking my wife for a ride in the boat, I witnessed trout rising for insects all over the surface of the water. Goose Pond and Laurel Lake should be good bets and more

than likely I will be found on one or the other opening day.

SENATOR BURKE PREVENTING

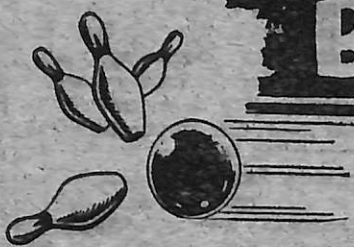

Senator James F. Burke, Chairman of the Senate Ways and Means Committee is the only remaining vocal opponent to the Inland Wetlands Protection Bill . . . H.3876. The House on a voice vote passed the bill after making only a couple minor technical amendments. The bill was then referred to the Senate Ways and Means Comm. on March 27. The following day Senator Burke, in the Boston Globe, was reported to have said that Senate Ways and Means would be working on the Budget until June and would be unable to get to the wetlands bill before then.

The fact of the matter is, the Budget, formally, is still in House Ways and Means. Now is the time to get the wetlands bill out of Senate Ways and Means. If it is not out within the next 3-4 weeks, it is likely that they will be working on the budget.

Senator Burke, the only remaining vocal opponent to the bill, would like to hold the bill until added support gained from the spring floods has subsided. Certainly if he was not serious about his earlier statement, the bill could have been reported out within two weeks after it was referred to Senate Ways and Means.

We suggest that you write to President of the Senate, Maurice A. Donahue, urging that he take appropriate action to allow the Senate the opportunity to express the same interest in the future welfare of the citizens of the Commonwealth.

Write to Senator Hammond, asking to press Senator Burke for a favorable report on H.3876 now, before Senate Ways and

NEW FIRE STARTER
The Bernz Omatic people have come out with a new fire starter made of solid state fuel. It cannot explode and there are no fumes or messy liquids. The product is already beginning to appear in retail stores.

The product is dandy for fireplaces and north woods camping. You can soak "Fire Starter" in a glass of water, and it will still burn vigorously.

Little League East - West Reminder

Second and final try-outs for both EAST and WEST Leagues will be held Saturday, 9 a. m. and 1 p. m. for EAST; 12:30 for WEST. Boys must attend to be eligible for play. Opening day will be May 5th for both leagues.

A local businessman was complaining the other day that one of his secretaries was wearing a dress that fit so tight it affected her breathing.

"And mine, too," he added.

A blistering hot pace was set from the start as the Cadillac Aces Bob Geoffrion and Bruce Foster led their team to another undefeated night as they took three from the last place Triumphs. In the first string Bob Geoffrion fell short of Bruce Foster's over-all record (133) with a 131 while Foster broke his previous record with a 134. The second string however, found young Geoffrion breaking both records with his 139 while Foster pinned a 136. In the third string Foster smashed the records again with a 152, while Geoffrion slowed down to a 135.

In other action at the Alley, John Rosati and Lance Lamagdaline led their GTO Team to two victories with their 107 strings. The Ramblers took two with their three girls, Clara Duval, Leslie Cote, and Linda Melbourne, all hitting 98. The Dodge and Ford Teams each won two, while the Cougars and Barracudas won one, lost one, and tied one.

Sea birds on islands off the west coast of South America contributed to the Inca Empire. The Incas mixed their egg whites with adobe to increase the adhesive strength of sun-dried bricks, Mass. Audubon Society reports.

Interchurch Baseball Registration Sunday

President James Devecchi today announced an open registration for all boys ages 12 thru 15 who are interested in playing baseball.

Boys from the recently disbanded Babe Ruth League and all other boys are invited. The only qualification is the desire to play baseball and all boys regardless of race, creed, or religion will be assigned to a team and will play.

Registration will be held this Sunday afternoon the 21st, at Shea's Field at 1 p. m.

The major objective of the Interchurch Baseball League is to provide an opportunity for all boys to play baseball. The league is now entering its eighth year of successful operation and provides some of the finest baseball in the area for over 100 youths of the town. The success is primarily due to the fine support from the townspeople.

CATFISH PREFER MUD

If a man could pick exactly the right time to go catfishing, he'd say, "Give me a rising river and plenty of mud."

For some reason, known only to the cats themselves, catfish go on a feeding binge whenever rains upstream swell the rivers and cloud the waters with a curtain of mud. Take advantage of this phenomenon, say the fishing experts at Mercury outboards, and take home a mess of the sweetest-tasting fish ever to grace a platter.

Catfish apparently sense the abundance of food washed into the river during periods of rising waters. They hurry to gorge themselves before these extra rations disappear. During the process, they gobble anything that appears edible . . . plus a few other delicacies that would be difficult for anything but a catfish to digest.

Muddy waters encourage cats to leave their deep hidden dens and invade the shoals. This means that most anywhere you set out a line you'll find fish. As the currents speed up, strikes are swift and sure, and you'll find bait stolen less often.

If waters reach a near-flood stage, all aquatic life moves into protected spots such as small tributaries. These areas become packed with crayfish, insects, minnows and various other forms of food, and game fish naturally follow.

So look for the telltale signs that forecast good catfishing . . . rising, muddy waters. You'll be well rewarded.

PROMENADERS

SQUARE DANCE

Beryl & Doug Shaylor

Hello Again: "Filling in" for our soon departing and extremely busy Publicity Chairmen, we hope, will be some small help to them. At any rate, we and the Promenaders will be awfully sorry to see them go, but duty calls, and wherever they hang their hats — they will soon have a large circle of new friends. (Don't forget the old ones though, will you Doug and Beryl?)

Down to matters of state — We had a closed dance on April 5th and in spite of our previous misgivings, we really had a "ball." There were about five "sets" dancing, all from our own club, which means we do support our club! Our club caller had a chance to dance with his bustling, busy and beautiful wife for a change. We danced to some really great tapes and had some luscious refreshments plus a lot of laughs. The end of the evening found the "Nite Raiders" stealing (not so silently) across our highways and byways to invade the privacy and peace of two of our missing members. They were a surprised duo, but a most gracious host and hostess. Barbara and Jack, we congratulate you both on your beautiful dispositions and your lovely family.

Our next dance will be at Robinson Park School on the night of April 26th, to the calling of our own capable Al Bessette (Gloria assisting). We hope to see a goodly number of our members and as many guests as we can fit in, when the music starts at 8 p. m. that evening.

Plans are already being formed for our annual Steak Roast. Chairmen for this auspicious event will be none other

UNITED STATES

Army - Navy - Marine Corps - Coast Guard

GREAT LAKES, Ill (PHTNC) — Navy Seaman Apprentices David S. Brown, son of Mrs. Irene D. Brown of Beidon Court and Donald E. Gordon, son of Mrs. Eleanor Rossi of 39 King St., both of Agawam, have graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of their naval service they studied military subjects and lived and worked under conditions similar to those they will encounter on their first ship or at their first shore station.

In making the transition from civilian life to Naval service, they received instruction under veteran Navy petty officers. They studied seamanship, as well as survival techniques, military drill and other subjects.

OKLAHOMA CITY — Sergeant Randall L. Kruger, son of Mr. and Mrs. Fred Kruger of 63

than our former Refreshment Chairmen, Carl and Frank Link. With Carl at the wheel, how can this fail to be the best darn "Roast" we've ever had. Our committee for evening will be announced next time around along with more details. For now, we wish you all —

Town in the Dark

Sergeantsville, N. J.

Sergeantsville is in the dark because it didn't pay its light bill.

This tiny community's 20 street lights were turned off by workmen of the New Jersey Power & Light Company.

The blackout stems from failure of voters to approve a budget

calling for \$330 to pay the bill for the lights this year. The budget was defeated 14-4.

The only illumination on village streets was from some privately owned lights—and one kerosene lantern a resident put on a stake in front of his home.

Haste makes waste, particularly on a highway, reminds the AIA.

(Anna D.) Bissonnette; Chaplain — Mrs. Richard (Muriel)

Adelman; Guard — Mrs. James (Anna) Hayes; Trustees — Mrs. Brady (Venetta) Snyder, Mrs. Anna LeFavvru and Miss Coral S. Bissonnette. The secretary's office is an appointed one. May I personally offer the ladies and men my congratulations and wish them all much success in their offices.

Also at this meeting, Emily Dias Auxiliary Poppy Chairman announced the following dates and facts: Ed Netkovich is the Post Chairman and he has the Auxiliary and Post selling poppies in friendly competition for a trophy. Whoever brings in the largest sum of money for the "Relief and Hospital Fund" will receive the trophy to hold for one year and until the next Poppy Drive. Named as cochairmen for the Poppy Drive during the month of May are Mr. and Mrs. Wilfred H. Bissonnette. On May 4th — all the members willing to

give time to sell poppies will meet at Riverside Park at 6 p. m. We need more volunteers and anyone wishing to do so PLEASE call Mrs. Dias at 734-1229 stating the day and the number of hours most convenient for them to work. Won't you give an afternoon or so?

On Thursday April 11, Lillies for the Chapels were brought to the Northampton Veterans Administration Hospital and the Holyoke Soldiers Home by Anna and Bib Bissonnette. These were a donation from the Auxiliary included in the monthly project of our Hospital Chairman, Betty Curran. She wishes to thank the Girl Scouts of Agawam who made the pretty "Bunny Rabbit Nut Cups" which are used on the patient's trays at Easter. AND we wish to thank Betty, who did a wonderful job in filling the cups with the appropriate candy and nuts.

Also on the 11th friends celebrated Mary Stellato's birthday with her at the Post Home. Belated "Birthday" wishes Mary. Did you know that Ita Bondi is still at the Springfield Hospital? PLEASE keep in touch.

Saturday, April 13, the lucky ones at the "Ham Shoots" were: Frank Liss won the first two (2) shoots. Mr. Liss, son-in-law of Zeke Cimma (friend of the V. F. W.) arrived here from Rhode Island just in time for the "Easter Hams." Winner of the "Grand Slam" was James Stellato. The large basket which included a ham and was filled with many goodies for an Easter Dinner (and them some) was donated by Jr. Vice-Commander Ed Netkovich. Thanks Ed.
